

## WATER ERASMUS GATEWAY

### Nature-based Solutions for stormwater management

14 November 2024

#### Agenda

**Format: WATER ERASMUS Gateway**

Gateways are one of the *four modalities of exchange* in the framework of [Water Erasmus](#), an initiative of Aqua Publica Europea that aims to foster mutual learning among members (see more [here](#)). The objective of Water Erasmus Gateways is to share solutions with other international organisations/utilities in the framework of an informal meeting that facilitates interaction and experience-sharing co-organised in cooperation with external organisations.

**Title: Nature-based Solutions for stormwater management**

**Objective of the meeting:** The learning objective of this webinar is to increase the understanding and knowledge around stormwater management and to share best-practice examples and different approaches. Participants will also have the opportunity to ask questions and discuss the practical application of these solutions.

**Time:** 13.00 - 14.30 CET

**Location:** Online

## Speakers

- **Dr. Florian Kretschmer**  
*University of Natural Resources and Life Sciences (BOKU), Austria*
